## FOOT FILTER – Solenoid Pumps

### Technical characteristics

Foot filter to ensure the condition of priming the pump through the use of a ball valve.

Made of:

- PVDF
- PVDF-T

Ball valve (connection Ø8x12):

- Ceramic

Lip valve (connection Ø4x6):

- FPM
- EPDM

*The parts in contact with the liquid were chosen to guarantee complete compatibility with most of the chemical products normally used.*

*Given the variety of chemical products that exist on the market, verifying chemical compatibility between the dosed product and the contact materials is recommended.*

### DIMENSIONAL DATA

Code		Material	Seals	Connections [mm]	Diameter [mm]	Height [gr]	Nut				
KIT	FILTER (x 3)
